

Extreme Dreams

Open to suggestion,
The faithful follow,
Without question,
Dreams of tomorrow.

Willing to learn,
From visual fantasy,
Where all those yearn,
For lifelong fantasy.

Just a bit better,
I do alright.
I'm a real go-getter,
And here I write.

I've tried hard to share,
In this place or the other.
And show I really care,
Of this time or another.

There's no great masterplan,
To follow, nor a dream,
To which I know I can,
Live life that's so extreme.

So, life just carries on.
Ties up all loose ends.
The worries are all gone.
I'm back now with my friends.
